**Ambrosia** by Dr. A. V. Webster, P. H. S., Consulting Chemist Royal Agricultural Society, England, shows only a few of the aromatic qualities of the Golden Bell of North Carolina, in which its tones are so great, that it can be said to taste like the "Taste of Heaven." The delicate perfume of its delicious mildness, nothing to gourmets and luxurians for taste, is now to be had in every grocery store, and you can enjoy its delicious fragrance without the trade-mark of the Bull. All dealers have it.

CHARLES W. TUDOR,  
CONTRACTOR AND BUILDER

Having had many years experience in every branch of his business and having built some of the largest and most ornate buildings in the city, he has a full knowledge of the art of building, and is well informed of all the latest improvements in architecture. His services are highly recommended.

The FASHION.

Has always repeated the round skirt of a few months ago, but now wears a more straight from the waist, while the crêpe is reduced to infinitesimal proportions. Crêpe de chine is the ruling material for fobs and other elaborate occasions.

The FASHION.

While one gentleman has been getting along with a quiet assault on a woman, another called Sayville, the other day, to a marquisate, who is but twenty, has just married a ballerina girl, with substantial reminiscences of previous attachments in the same place. The young man, who is a prince of a fellow, has a very good figure, and is now acquiring the bowing. The disparity continues in the Australians being still superior in dancing and the English in bating.

THE WORLD OF LITERATURE.

Has been active. George Eliot's new book called "Lose Your Man" narrates the troubles of a virtuous Paris actress, and was in the forty-sixth edition the day after its publication. The author has written a new book, "Paris with her hat on," which steals the plot of the "Matrie De Forges," the dramatic version of which seems to be immortal from a Swedish story, forty years ago, and is a collection of tales taken from another novel published in Brussels.

JULIA VERNE

Has gone off on a Mediterranean tour where he has written a portion of his next work in active preparation.

Miss Bradbury figures in the new character of a poet by writing two songs, and has a very good voice, and is a probable thing. Not have I in any way sought to influence the action of the convention. If the nomination comes, I will be more than grateful to see it, though I will then try to meet its responsibilities. If not, I shall be content without disappointment, and will be satisfied with the company. It is hardly to be expected that the Republicans of a State as large as Ohio should all have the same choice for President, especially of one who has been connected with the party for so long a time.

JUDITH H. BENJAMIN has left for Paris for a biography, having periodically burned all his correspondence and private papers.

MATRIMONIAL CUSTOMS.

COL. T. CHENG, the Chinese military attaché in Paris, has contributed to the Revue Des Deux Mondes, a very lively defense of the marriage customs of his country.

J. J. MCARTHY, licensed auctioneer, has a large number of articles and dealers left at the BULLETIN office will receive prompt attention. P. O. address M. C. Carroll.

## OVER THE BROAD OCEAN.

**News of the Week's Political, Social, Literary and Theatrical Events.**

**Young Victor Napoleon's Strange Freaks—Movements of Royalty—Alfonso's Sister Ruling Spain—Sporting and Fashion.**

LONDON, May 26.—In Parliament the position of the Government continues unsatisfactory and votes of censure are played out. For while the majorities in favor of the French war grew larger, and the soldiers in the Tory party has broken out with renewed ferocity.

CHURCHILL'S SUBMISSION.

The principal leaders of the party did not last night do their duty when they were called upon to make up all good Conservatives together, and twice during the past week Chief Lieutenant Gardi assured the assembly which had the strong support of Northern members that the war was more popularly supported by intervention of Mr. Balfour, formerly a friend of Churchill, but now a timid adversary. Balfour is the chief object of suspicion of the majority, but he was seen at Bayonne, and Churchill appears as agitating himself up in opposition not only to Northern but that more formidable leader of the party, the Duke of Wellington. Mr. Balfour's popularity and only achievement in the present session has been his speech of nearly four hours duration on his bill for

THE PROTECTION OF SALVAGE LINES.

The bill has been introduced and starting out, but nobody believes he thinks the bill has the least chance this session, and that the very length of the speech causes it to be regarded as an appeal to the country and not to the parliament.

THE CHURCH OF INTEREST.

On the continent has been the revolt of young Victor Napoleon to set himself up as a bachelier, and live away from his wife. The Duke of Wellington, for the first time, says that the youth does not deserve the title of his elder's recent lesson to the publicans, but a more creditable explanation is that the boy is tired of the life of a soldier, and has got a present of a million of francs from the husband of Mme. Alphonse Moët, who left him all her fortune in case he would not return before his death, before he will be allowed to continue his studies.

**THE DAILY BULLETIN**  
MONDAY EVENING, MAY 26, 1884

The late Republican clawing match was a tame affair as compared with the doings at the court house last Saturday evening.

A DISPATCH to the BULLETIN from Paris, on Saturday evening, announced that the Bourbon delegation to Winchester was uninstructed, but the delegates are for Scott and Moore.

SAYS THE CHIEF.—News: You can easily distinguish the Blaine boom from other booms by the paradox it carries. When the wind is southerly it knows a sunstroke from a platter of ice cream.

MADISON, Montgomery, Bath, Fleming, Clark and Robertson Counties have instructed for Riddell. It requires eighty-four votes to nominate and Judge Riddell, who was here Saturday, claims that he has ninety-six certain, which is twelve more than is necessary to nominate.

WHERE THE BULLETIN is in doubt as to what its political duties are it will apply for advice as to what its course shall be to some of the distinguished gentlemen who are now criticizing it for supporting Riddell. But at present we are not in need of any counsel on the subject.

LET THE HOGS run at large and strangers will think this town is Maysville.—Ripley Boggs.

The above reminds us that Dr. John A. Mitchell who was crossing the street this morning, was run into and captured by an old sow. But such things are of frequent occurrence here and the item is, therefore, not startling interest.

The Democracy are warned against holding mass conventions in this city. It is just as impossible by that means to express the true sentiment of the voters as it is for a cat to jump up to the moon. The element drummed up in the town, organized, drilled and provided with leaders and strikelets take possession and run things to suit themselves. The scenes of turbulence that take place disgust the better class of representatives and drive them from the room. This is how it has worked in the past and will work in the future. If you do not wish to see renewed the scenes of Saturday, put your foot down hereafter on mass conventions.

Certainly Not.

The Maysville BULLETIN alludes to the "Mt. Sterling demand" in reference to the Appelate race. Be it known that Mt. Sterling does not demand anything, but a fair expression of the will of the majority. And also understand that Mt. Sterling is not owned by one man, and please don't wish upon our fair little city, the sins of one or two of our citizens.

Riddell and Moore.

Cattlemen Democrat.

In 1853 Col. Moon claimed to be a Democrat, and supported the nominees of the Free Soil party, while the slaves were allowed to vote. At the session of 1853-4 the Legislature passed a law removing the political disabilities of the ex-Confederates. This was too much for Col. Moon and left his party to demand that it be a strict party and nominated Gen. Hobson, the Republican nominee, for Clerk of the Court of Appeals, against Hon. Alvin Duvall, the Democratic nominee.

Brazen Bulletin.

Judge Robert Riddell, is also a candidate for the office of Appellate Judge. We have never heard anything derogatory to him or his friends, but others wise. He has always been a tried and consistent Democ, voting at all times for, and supporting the nominees of the party; he is one of the surest and best informed lawyers in the State, and has made a fine Circuit Judge, a position he now occupies.

What Judge Hargis Said.

Falcons, in Lost-ville Times.

A recent interview of Judge Hargis has also interested us in the affairs of Riddell's friends. I give the source of this information, so that if it be denied it can easily be traced up. Coming up on the train last week, Judge Hargis stated to Mr. Goodpaster, of Owingsville, that Riddell had been elected to the office of Appellate Judge, and that in case Judge Holt, of this city, was opposed to him, the Republican ticketed him (Hargis) would vote for Holt, and would support him for the "populist" at the mouth of Sandy. This statement was repeated to Mr. Brooks, of Owingsville, by Mr. Goodpaster.

Mr. Brooks, in turn, told it to Mr. Lewis Apperson, of this city, from whom I received it. I also believe that the person of standing here that all three of these gentlemen are thoroughly reliable. I am thus particular because, talking to Col. Moon, he said that the reason he told me he was confident that Judge Hargis could not have said such a thing, is that he gave names, so if the report is not true it can easily be disproved, and if it is true it can easily be substantiated. Let me add that the report is true.

I was also informed that Judge Hargis spent Sunday and Sunday nights last with Mr. Stone, in this city; that on Sunday night he addressed a large audience in a saluting with Judge Holt, and that Judge Holt was the person alluded to in Stone's speech as able to carry Montgomery county and the district against Riddell. In fact the latter was the nominal winner. It is well known to Riddell's friends that the action of Stone on Monday was determined on in that conference and his speech prepared or written either then or immediately afterward, and that in his utterances became merely the mouthpiece of Hargis and Holt.

**STABBED TO DEATH,**

But He Whipped His Adversary After the Fatal Wound Was Made.

HAMILTON, May 26.—John George Riley and Henry Morris were discussing a house in which Riley had got the better of the bargain. The latter, who was intoxicated, accused the former of cheating him and fought him before he could get away. Riley drew a knife, plunged it into Penrose's breast and then cut a deep gash in his arm. Penrose continued to fight, however, and succeeded in getting away. He had been exhausted from loss of blood and will die.

Riley had, pursued by two or three citizens, who had been called to the scene, to stop him. Reaching his house, he attempted to get possession of a shotgun, but was foiled by his wife, who ran out of the house with it in her hands. The officers had to call up and he was captured and taken to jail.

Should He Marry and Marriaged.

CINCINNATI, May 26.—The marriage of Katie Schettner and George Roth took place yesterday, in spite of the interference of the girl's brother. Katie's George work at the office of the Daily Journal, and Roth, a boy, who had been a reporter at the Journal, and had been engaged to Katie for some time, had been engaged to her by his employer.

At 9 o'clock yesterday the girl appeared at Squire Anthony's office and made affidavit that George was the father of her unborn baby. He was waiting before the Magistrate and expressed his desire to marry her, and the girl being willing, a license was procured. Just as the ceremony was about to take place, Katie's brother, who had been engaged to her by his employer, came to the door and requested the tying of the nuptial knot, saying he wanted money. This caused a delay, and the two lovers reappeared at Squire Anthony's office yesterday evening, accompanied by George's employer, who presented a few dollars to the bridegroom.

George's employer, who was a young man, and the girl's becoming man, and wife, and Squire Anthony performed the ceremony for them.

The colored boy, Harry, increased.

LEAVES, May 26.—The marriage of Katie Schettner and George Roth took place yesterday, in spite of the interference of the girl's brother. Katie's George work at the office of the Daily Journal, and Roth, a boy, who had been a reporter at the Journal, and had been engaged to her by his employer.

OUR Radical friends,  
The other day  
Kept us in sight  
For miles away.  
Our scratching for Riddell,  
And clawing for Moore,  
Ended short of  
At the court house door.

The office of the Eastern Kentucky Telephone Association is in the second story of the Cooper building on Second street.

A LITTLE daughter of Mr. W. C. Shackson had her hand badly crushed on Saturday by the fall of a window. Her injuries were very painful.

HANDSOME new uniforms for Haucke's band will be supplied by Messrs. Hechinger Bros. & Co., this week. They are well-made and much neater than the present dress.

Mr. SHAFER, superintendent of the water works, is preparing to protect the river bank in front of the pump house in East Maysville. The work will be a good and substantial piece of engineering.

The Niagara fire engine was sent to Manchester, on Saturday, to be tried by the fire department, preparatory to the opening of negotiations for its purchase. It is a good machine and is likely to give satisfaction.

An alteration occurred between Mr. John Fields, Sr., and his sons, near Mt. Gilead, on the 23d inst., in which Mr. Fields cut his son, Louis, in three places with his pocket knife, inflicting very painful and perhaps serious injuries. The difficulty arose about some trifling matter. Dr. Dougherty was called to attend to the wounds.

### PERSONALS.

Miss Anna Lynch has been visiting friends at Ripley.

Mr. and Mrs. J. C. Newcomb, of Ripley, are in the city.

Mrs. J. S. Chenoweth has been appointed chairman of the committee of ladies chosen by the Confederate Survivors' Association, to decorate the graves of the Confederate soldiers, at the cemetery, on Saturday.

Mike DONAHUE, who claims to be from the interior of the State, was arrested this morning by Deputy Marshal Henry B. Hasson, on the charge of stealing two pairs of pantaloons from the clothing store of Messrs. Hechinger Bros. & Co. It is alleged that he went into the establishment and bought a hat and took the articles named while the person waiting upon him had gone to the back part of the store for change. One pair of the pantaloons was afterward sold by DONAHUE for 50 cents, and the other pair was found in his possession.

The decoration of graves of union soldiers by Joseph Heiner Grand Army Post, No. 13, take place next Friday, the 29th inst., according to the following programme: "To meet at Post room at one o'clock. Procession to form in front of hall, March down Second to Sutton; up Sutton to Third; up Third to M. E. Church, where a choir of fifty young ladies join in the processional; convergence; up Third to Bridge, thence to cemetery. Ritual services by the officers, music, address by the chaplain, music, address by commandant, singing and music, young ladies decorate graves, singing and music, then march address by Comrade T. A. Davis and other prominent speakers, music, benediction." Geo. B. Bailey Post, of Aberdeen, and the Posts at Concord and Buronville are expected to participate in the ceremonies as well as other invited guests.

### Shooting at Lewisburg.

Upon the arrival of the Sunday train at Marshall's Station, yesterday evening, about half past one o'clock, an alteration (the result of an old quarrel) took place in which Ed. Lewis received a fearful cut in the back of the head by a stone being thrown by one Han Ralls and Ralls was shot by Isaac Lewis, a brother of Ed. Lewis, the ball taking effect in the left breast, about two inches to the right of the left nipple. The doctors have not been able to find the ball. The weapon used was an old style Smith & Wesson thirty-two calibre. Ralls rested very quietly last night and will probably recover. It is generally believed that the shot was in self defense, as Lewis did not fire until he had dodged several stones thrown by Ralls. All the parties were colored and had just returned from Mayville, and "King Corn Juice" had full management of the affair and is responsible for it all. Up to this writing no arrests have been made, though Lewis will probably be arrested to-day.

### Democratic Convention.

The mass convention of the Democrats of Mason County to select delegates to the Convention at Winchester, on June 4th, to cast the vote of said county in nominating a candidate for a Judge of the Court of Appeals, met in Maysville on Saturday, May 24, at the court house. Nearly every seat in the house was occupied before the echoing notes from the large bell had died away on the first ringing. At the appointed hour, 1:30 p.m., Judge Garrett S. Wall, Chairman of the County Executive Committee, rapped the Convention to order, and after a few remarks, recommending peace, harmony and a fair count, he announced that nominations for permanent chairman were in order. Hon. J. D. Kehoe placed in nomination the name of Dr. John T. Fleming. Dr. Thomas E. Pickett moved the name of Major T. J. J. Chenoweth as a substitute thereto. Judge Emery Whittaker took the floor and began making some remarks which were lost amid the question for the "question." Hon. J. D. Kehoe made the point of order that nominations could not be amended like motions, and called for a division of the question. After a short running debate, in which all wanted to participate in general and each one in particular, the chairman declared the substitute out of order. Colonel Charles A. Marshall, then, during considerable disorder, stood upon a chair and nominated Major Chenoweth for permanent chairman. Great confusion arose on account of a disagreement as to the manner of counting votes for chairman. Dr. Fleming's friends wanted the count to be taken in the house by the men dividing to the right and left. This proposition was warmly opposed by the supporters of Major Chenoweth, who claimed that the better way would be to let all go out and have tellers count as each side filed back in again through their respective doors. This conflict of opinion turned loose the flood gates of oratory which for some time flowed freely and liberally from both contending sides. At this juncture the exhibition of parliamentary pyrotechnics was simply immense. Motion followed motion in rapid succession until Mr. B. A. Wallingford finally brought order out of chaos by moving that the chair appear four men from each opposing side who should take their places at the two doors and count the men as they filed out of the room. The motion was numerously seconded and carried. The chair appointed Charles E. Tab, Thomas M. Wood, Dr. T. E. Pickett and Perry Jefferson to tally for Major Chenoweth, and John W. Watson, Hon. J. D. Kehoe, Dr. John M. Frazee and W. W. Watkins on behalf of Dr. Fleming. The tellers reported 241 votes for Major Chenoweth and 291 for Dr. Fleming. Dr. Fleming took the chair and after a neat little speech announced that nominations for a permanent secretary were in order. Judge Wall nominated C. L. Salke and then being no further recommendations the motion was made unanimous, Judge Wall then moved the chair to appoint the required number of delegates, amended by Hon. J. D. Kehoe that the chair after the time honored custom, appoint a committee to select delegates, which was accepted. The chair appointed Col. Richard Dawson, Leslie H. Mannen, Chan Jefferson, Capt. E. W. Fitzgerald, and Judge G. S. Wall, Gen. Calvert, Evan Loyd, Jon Walton, Theophilus Woodward, W. C. Johnson, Hon. J. D. Kehoe, Clarence L. Sallee, B. A. Wallingford, Thos. E. Respers, Elijah Rees, W. S. Clift, Geo. R. Gill, Chas. Kennan, G. W. Hull, Chas. Young, John Archdeacon, C. P. Dietrich, John W. Watson, Dr. Jno. M. Frazee, Capt. E. W. Fitzgerald, Chas. D. Newell, M. F. Marsh, S. S. Riley, E. A. Robinson, Perry Jefferson, Col. F. S. Owens, B. F. Thomas, W. W. Watkins, John Ryan, Samuel Raymond, D. Frank Frazee, James E. Threlkeld, Dr. John T. Fleming, John H. Wilson, John Shee, W. T. McDaniel, W. H. Coryell, T. McAuliffe, Jos. M. Alexander, John H. Hall, T. M. Pearce, George C. Fleming, Lewis Jenkins, W. L. Holton, Sam Perrine, M. McTee, John Moore, Pat Slattery, Mark Brauner, James Maley, George Byrne, G. W. Blattner Jr., Thos. Keith, Joe Laytham, Jacob Riley, C. G. Worthington and George W. Rogers, which resolution was accepted. Hon. J. D. Kehoe then offered the following resolution:

"Resolved, That the delegates from Mason County to the State Convention at Winchester, shall be selected by the people of our county so far as the Hon. Laban T. T. and all other delegates can be satisfied, and on all other cases the delegates shall be selected by the people of the county in person, except the full vote of the county for the State Convention."

The resolution was approved and adopted. On Motion of Mr. John W. Watson, the convention then adjourned sine die.

## THE VILLAINS HAD FLED.

We Are Speaking Now of Ex-Bank Presidents, Eno and Fish.

For Whose Arrest on Criminal Prosecution Warrants Have Been Served Out—Believed to Have Gone to Canada.

New York, May 26.—Warrants for the arrest of John C. Eno and James D. Fish were issued yesterday by United States Commissioner Shultz, and copies of them by United States District Attorney Elihu Root, in a criminal prosecution for the misappropriation respectively of funds of the New National Bank and the Marine National Bank. At a late hour Saturday night neither warrant had been served. The warrant for the arrest of Mr. Fish is the outcome of Mr. Root's investigations into the conduct of Mr. Eno and others surrounding some of the affairs of the Marine National Bank. The warrant for the arrest of Eno is believed to have had its rise in the conduct of Mr. Eno and others of the New National Bank. The warrants were served to Mr. Root's house. They found on the street in front of the house, and at the doorway and distribution on the streetways the black-coated detectives and plainclothes detectives, said to be in the employ of Pinkerton's Detective Agency. Marshal Holmes was assured that Mr. Eno was certainly in the house, as he had been seen there, but that he had departed without being seen. Mr. Holmes, after waiting a short time, decided that he would make an effort to serve the warrant. He accordingly marched up to the door and said to the Mr. Eno, "They told me that he could not be seen, but they persisted in their endeavor to find him. They looked through a part of the house, but they found nothing." They then left.

The warrant for ex-President Fish was placed in the hands of a marshal about 6 o'clock, and the man who carried it was supposed to be Fish, and was well but no information respecting his movements could be obtained. Rumors were current at a late hour that both Mr. Eno and Mr. Fish had left for Canada.

## WEST SIDE BANK,

Whose Paying Teller Abandoned, Has Closed Its Doors.

New York, May 26.—The result of the news that Paying Teller Hinckley, of the West Side Bank, had disappeared with \$25,000 was that there was a run on the bank. Said to be the reason was that the new paying teller had \$800,000 to meet the demands of depositors. About the same time President Moore went down to the American Exchange Bank, and has been elected to the West Side Bank, and consoled with its president. He returned and announced that everything was in good order, and that the storm would soon blow over. The run continued, but in a mild form.

At a quarter past 1 a messenger came to the West Side Bank with the announcement that the American Exchange Bank had decided to close its doors. The West Side Bank after the day. At that President Moore ordered the doors closed, and announced the suspension of the bank. "Through it all we are under the impression that we have here," he said, "while there was a possibility that the checks coming through the American Exchange Bank might not fail so well, the American will come to us uneventfully, but no one will lose anything. We shall pay our depositors in full, and resume without fail." Nothing has been heard of the absconding paying teller.

## BOILER EXPLOSION.

Four Killed and Several Others Fatally Injured.

Dunbar, Iowa, May 26.—One of the three boilers in the sand and door factory of Carr, Tyler & Wheeler exploded Saturday with terrible force. The boiler house was entirely destroyed, and the wall division wall separated the boiler-house from the mill, else the destruction and loss of life would have been terrible. The mill employs two hundred men. A corner of the division wall in the boiler-house was completely torn out and several women injured. The engineer and two firemen were in the boiler-house at the time, and buried beneath the debris. Two children playing near the mill were also buried. The following are killed: Milo M. Miller, engineer, aged 30, leaves a wife; Fritz Vildinger, fireman, single; and two children, a boy and a girl, aged 10 and 8; and S. Michael McLaughlin, second fireman, horribly burned and mangled, can not live; Mrs. Margaret Walter, struck by flying brick and cut her daughter-in-law, Mrs. Albert Walter, in the head. Children were also injured. Mrs. Lear and Mrs. Vogler, in the same dwelling, were also hurt. It is thought not many other bodies were buried in the debris of the explosion and firemen. Loss on building estimated at \$5,000, fully insured. The proprietors are at a loss to know the reason of the explosion, but it is ascribed to low water in the boilers, which were carrying a full head of steam.

The Toronto Mail Office Burned. Toronto, Ontario, May 26.—The Mail newspaper building, said to be one of the most interesting offices in America, was gutted to the ground. The offices were in the fifth-story, and eight girls were rescued with difficulty. The building was damaged to the extent of \$100,000, and the damage was extinguished by a thick brick wall, except that American Consul's office was in the building, and on Washington's Birthday he hoisted the stars and stripes on the tower. The American Consul, however, had the flag hauled down. Today, on the Queen's birthday, the tower was burned down with the British flag, which surmounted it.

## The Richmond Failure.

Richmond, Va., May 26.—The height of the liabilities of S. Blanchard, Richmond, Va., wholesale grocer and importer, who failed Saturday for \$22,000, was reached yesterday. Mr. Kidder, Peabody & Co., representing the firm of Blanchard, Bigelow & Co., admitted that they were obligated to the amount of \$140,000. President Bigelow, of the Massachusetts National Bank, admitted the bank was a creditor to the amount of \$5,000, but said they were secured.
